

Wolf Lodge Creek Watershed/Coeur d'Alene Sub-basin (Kootenai-Shoshone CD)

Program	Water Quality Implementation
Lead Implementer	Kootenai Shoshone Conservation District
Funders	Idaho Soil and Water Conservation Commission
Project Primary Contact	Brad Shelton (Brad.Shelton@swc.idaho.gov)
Project Stage	Implementation
Duration	2020 - 2021

Natural Resource Projects & Practices ➤ Water Quality Implementation

Wolf Lodge Creek is a 3rd order perennial stream that drains a 40 square mile watershed into Wolf Lodge Bay on the northeast side of the Coeur d'Alene Lake. Land use in the Wolf Lodge Creek watershed is timber production, hay production, pasture and livestock production, and some ranchettes.

FY 202: Wolf Lodge Restoration Partnership

The project is on private property down stream of the Wolf Lodge Creek bridge.

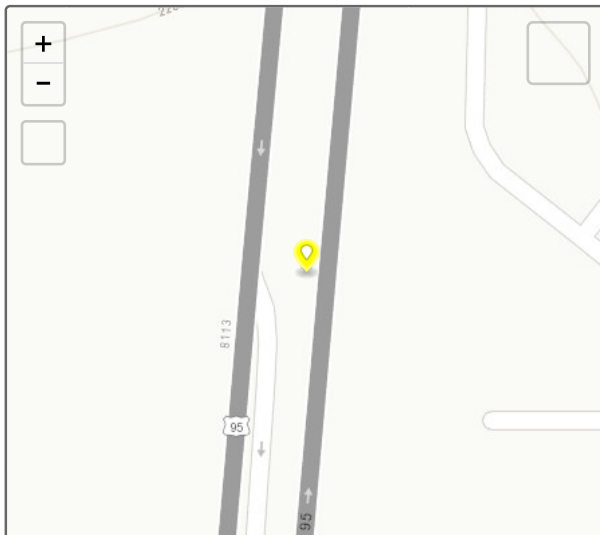

Key Accomplishments

- Engineering Designs Produced: 1
- Landowner Site Visits: 8
- Permits Prepared & Submitted: 2
- Persons Educated: 13
- Engineering & Technical Assistance Hours Requested: 190
- Engineering & Technical Assistance Hours Allocated: 230
- Engineering & Technical Assistance Hours Provided: 381
- Engineering & Technical Assistance Value: \$27,421.05

Project Themes

- Water

Tracker tells stories at a broad-brush level. Individual project performance measures and expenditures should not be relied upon for complete and total accuracy and should be confirmed with a project's lead implementer. Project locations subject to confidentiality provisions under state and federal law specify the location of a local conservation district or USDA service center office.
